Investment option changes

Manager replacement

We've replaced a manager which has resulted in an investment objective, strategy, benchmark and asset allocation change for an investment option. You can compare the investment options and the impact of the changes, the previous and new objectives, strategies, benchmarks and asset allocation outlined below.

The option will also reopen to new investors.

Replaced option			New option		
Zurich Investments Wholesale Global Thematic Share			Baillie Gifford Wholesale Long Term Global Growth		
Previous objective			New objective		
To provide long-term capital growth, with the benefits of global diversification. The option aims to outperform the MSCI World (ex Australia) Index over rolling three year periods before fees and taxes.			To outperform the MSCI All Country World Index over rolling five year periods before fees and taxes.		
Previous strategy			New strategy		
The option generally invests in a broad selection of securities listed on foreign stock exchanges. The option may hedge up to 40% of the option's exposure to international currency back to Australian dollars.			The option is a purely stock-driven, unconstrained global equity strategy focused on investing in exceptional growth companies. This approach is expressly long term, with Baillie Gifford holding a belief that investing in companies with the scope to grow to multiples of their current size has the potential to transform the returns for investors over time. The option does not hedge currency risk.		
Previous benchmark			New benchmark		
MSCI World ex Australia Net Index			MSCI All Country World Index		
Previous asset allocation			New asset allocation

Cash	0-10%	0%	Cash	0-5%	0%

*Standard risk measure: 7			*Standard risk measure: 7		

* We use the Standard Risk Measure (SRM), which is based on industry guidance, to allow investors to compare investment options that are expected to deliver a similar number of negative annual returns over any 20-year period. These measures are regularly reviewed. The change in the SRM for these options reflects updated economic assumptions that are used to calculate them.

PDS disclosure update

FirstChoice Wholesale Personal Super:

Change	Description
Transfer balance cap	<p>It is important to take action as soon as you are aware you have an excess transfer balance as the Australian Taxation Office (ATO) levies general interest charges if any 'excess transfer balance tax' remains unpaid after the due date.</p> <p>If the ATO issues a Commutation Authority to Colonial First State we must comply and commute the amount required or your entire income stream may lose its tax exemption status on earnings. If we do not receive instructions from you for the ATO issued Commutation Authority we will make the payment in accordance with the process outlined.</p> <p>For more information, please refer to the Reference Guide on our website.</p>
First Home Super Saver Scheme (FHSSS)	<p>Contributions you make for the FHSSS are voluntary superannuation contributions and are subject to the fees and costs outlined in the PDS. If you have insurance cover, your account balance will also be reduced by insurance premiums. This may result in a lower amount in your account available for an FHSSS release.</p> <p>Also note if after an FHSSS release payment your account balance in FirstChoice Super products becomes too low to cover the monthly insurance premiums your insurance cover may be impacted. If we do not receive the full premium owing within 90 days after the first missed monthly premium, your insurance cover will end. You can opt out of insurance cover at any time.</p> <p>You cannot claim a deduction for:</p> <ul style="list-style-type: none"> • Voluntary super contributions released to you under the FHSSS; or • FHSSS amounts that you have recontributed to your super fund(s).
Downsizer contributions	<p>Downsizer contributions you make are subject to the fees and costs outlined in the PDS. If you have insurance cover your account balance will also be reduced by insurance premiums. This may result in a lower amount in your account than you contributed.</p> <p>You cannot claim a tax deduction for any contributions made from 1 July 2018 to a superannuation fund that are identified as downsizer contributions.</p> <p>Contributions found not to be downsizer contributions</p> <p>If the ATO notifies us that your contribution does not meet the downsizer contribution eligibility requirements, we will assess whether your contribution could have been made as a personal contribution under the contributions acceptance rules. If your contribution could be accepted, the amount will count towards the relevant contribution cap. If your contribution cannot be accepted, the contribution amount will be returned to you.</p>
