

FirstChoice Investments Withdrawal form

Colonial
First State

Is this the right form for me?

This form can be used to withdraw some or all of the units in your investment options – please note you must leave a minimum account balance of \$1,000 if you are making a partial withdrawal.

You should note that unless an option is suspended, restricted or unavailable, you may withdraw from an option in accordance with our normal processes. If an option is suspended, you will be sent and will need to complete a different form. The relevant form for a suspended option will be mailed to you when each withdrawal window is open.

You can read more about how to make a withdrawal, as well as details on how and when unit prices are calculated on the next page.

We also recommend you read the following information regarding potential implications your withdrawal may have on you or your investment before completing your request.

Some things to consider before making a withdrawal

1 Will you be liable for capital gains tax?

If you sell some or all of the units in an investment option, you will trigger a capital gains tax event. This also occurs when switching to another investment option.

A capital gains tax event means you may pay tax on the difference between the tax cost and the sale value of the units sold. This tax is at your marginal tax rate which could be as high as 47% (including the Medicare levy). If you have owned the investment for more than 12 months, you may only have to report half the gain as assessable income¹, but it's still worth checking with your tax adviser to assess any potential tax liability.

2 Selling 'crystallises' a loss

Most managed funds fluctuate in value, often sharply. If your investment has gone down in value because of market volatility and you decide

to switch or withdraw, the possibility of recouping your losses from the investment is lost forever. So, it's important that you weigh up the chances of an investment recovering, and speak to your financial adviser.

3 You may miss future potential performance

It's important to consider that you may be withdrawing at a time when markets, and potentially your investment value, are down. This means you risk missing any potential increase in your investment value due to a rebound in markets and any future growth opportunities. Even experienced investors find it almost impossible to successfully predict the movements of investment markets.

If you hold multiple investments and require access to funds, it's worth talking to your adviser to ensure you withdraw from the right investment to minimise the impact on your investment strategy.

Have you spoken to your financial adviser?

Make sure you understand the potential impacts this withdrawal may have on your investment strategy. If you have a financial adviser, they can be invaluable in this process as they can review your situation and help you:

- assess the impacts of the decision
- explain what may happen and discuss alternative options with you
- assist you in balancing your short-term goals with your long-term needs.

If you don't have an adviser please call 13 13 36. Although we are not licensed financial advisers, we may be able to help you understand some of the implications of withdrawing, or refer you to a qualified financial adviser.

¹ Companies are not eligible for this 50% capital gains tax discount, while complying superannuation funds are eligible for a reduced discount percentage of one third.

How do I make a withdrawal from my investment?

You can generally withdraw from an investment option at any time. The minimum account balance is \$1,000. We normally pay the proceeds of withdrawals within seven working days of receiving your request. Longer periods may apply from time to time. In extraordinary circumstances, we may suspend withdrawals.

By providing either a previously nominated Australian financial institution account instruction or an original signed request at the time of withdrawal, we can credit your nominated account with cleared funds which are generally available to you sooner than if you request a cheque.

If we receive your fully completed withdrawal request (including all information required to establish your identity) in a Colonial First State office before 3pm, Sydney time, on a NSW business day, we will process your withdrawal using the exit unit price calculated, based on market valuations, at the close of business that day. Where an option is suspended, restricted or unavailable, we may not process withdrawal requests. Any decisions whether to process withdrawals or partial withdrawals will be made in the best interests of investors as a whole, and if any payment is to be made, then the exit price used to calculate this payment will be the one determined at the time the payment is made. Please refer to a copy of the current Product Disclosure Statement (PDS) for further details.

Unit prices and transaction processing

We calculate unit prices each NSW business day. When you request to invest or withdraw or switch your investment, your request must be received before the relevant cut-off time (outlined in the current PDS) and the unit price to be used for your request will be the next available unit price. The next available unit price is calculated, based on the market value of the option (less liabilities), at the close of business on the day of your request. We determine the market value of an option based on the information we have most recently available.

If you ask for a unit price or investment valuation we can provide a historical unit price or investment valuation only. Should you then decide to transact, as outlined above, you will receive the next available unit price or investment value. It is important to consider this when making your transaction requests. Please refer to a copy of the current PDS for further details.

Anti-Money Laundering and Counter-Terrorism Financing laws and Sanctions laws

We are required to comply with these laws, including the need to establish your identity (and, if relevant, the identity of other persons associated with your account). Additionally, from time to time, we may require additional information to assist with this process.

We may be required to report information about you to the relevant authorities. We may not be able to tell you when this occurs. We may not be able to transact with you or other persons. This may include delaying, blocking, freezing or refusing to process a transaction or ceasing to provide you with a product or service. This may impact on your investment and could result in a loss of income and principal invested.
